WELCOME MESSAGE

Rashed Bin Dalmook Al Maktoum
Chairman of Dubai Racing Club

I am delighted to welcome everyone to the 2023-24 Dubai racing season, staged at the iconic Meydan Racecourse.

In keeping with Dubai's constant quest for innovation; this year we have a newly structured international season. This is aimed at encouraging owners and trainers to base their horses here throughout the winter, enabling them to make use of our state-of-the-art facilities and fantastic climate. Our new programme, incorporating two new feature race days, 'Festive Friday' and 'Fashion Friday,' means some of the world's very best horses have a range of lucrative races to target here in Dubai and to help prepare them for challenges elsewhere in the region. We are confident these new races will provide the perfect springboard into the \$30.5million Dubai World Cup meeting on March 30th.

Dubai Racing Club plans to help trainers and owners travel their horses to Dubai with a range of incentives for top tier horses, including the Dubai World Cup Bonus Scheme. Other horses are welcome to be in Dubai on a different scheme with support from the club, which will be based on certain criteria and requirements.

One of the most impressive racing venues in the world, Meydan Racecourse is preparing to open its doors to horse lovers and sport fans alike, with a range of entertainment and dining options to complement the action. I would like to thank the team at Dubai Racing Club for their hard work and to wish everyone involved the very best of luck for a safe and successful season.

DUBAI WORLD CUP BONUS SCHEME

An exciting new Bonus Scheme of qualifying races for the Dubai World Cup has been announced, with more than \$4 million in additional prizemoney up for grabs.

Nine races, all run at Meydan Racecourse between January and March 2024, will give the winners automatic entry to the corresponding race on Dubai World Cup night, March 30th, with a chance of a 10% bonus when they win both races.

The bonus scheme is the first of its kind in the region and is aimed at encouraging trainers and owners to prepare their horses in Dubai for the Dubai World Cup, something which has already proved successful. Thunder Snow, the only dual winner of the race, in 2018 and 2019, is the most recent DWC winner to prepare by competing at Meydan. This season, two races, the G1 Maktoum Challenge on January 26th, and the G2 Maktoum Classic, on March 2nd, both qualifying races for the G1 \$12million Dubai World Cup, offer \$1.2million in additional prizemoney.

HORSE SHIPPING ARRANGEMENTS

HORSE TRAVEL

All travel arrangements will be coordinated through our official equine transport partner Janah Management Company Limited (JMCL). Trainers are requested to contact JMCL with their transport requests in the first instance and they will advise availability accordingly.

***Travel incentives will be decided by a special committee on a horse-by-horse basis.**

IMPORT CONDITIONS

Horses from all countries will need to meet, as a minimum, the UAE temporary import conditions appropriate to the country of origin.

- > Horses on temporary import permit will be stabled in designated quarantine facility separated from local horses. Access to these areas will be restricted.
- > Horses entering on permanent import permit will be stabled in either local stable or designated non isolated stable and must meet UAE permanent import conditions and travel with the appropriate permanent import health certification. Those horses will complete standard post import quarantine procedures and could join to the local population.

POST ARRIVAL RECOVERY PERIOD

- > Horses arriving in the UAE will be restricted to their allocated compound at the Quarantine facility for up to 48 hours, depending on the length of journey.
- > Horses which travel for less than six (6) hours (stable to stable) will be confined for a minimum of 12 hours after their arrival at the quarantine facility.
- > Horses travelling for more than six (6) hours (stable to stable) will be confined for a minimum of 48 hours after their arrival at the quarantine facility.

During this time, they will not be allowed out on the exercise track; they will be closely monitored for recovery from the journey and appropriate testing will be performed based on country of origin.

Exercise will be permitted within the confines of the facility with each compound having a walking ring. The rules are intended to reduce the risk of disease developing in horses and possibly spreading to other horses.

VACCINATION REQUIREMENTS

Equine influenza vaccination requirements for permanent entry into UAE is compulsory. Within 60 days of export but NOT within 14 days of export the horse must be administered the following:

- > Either a valid primary course consisting of two vaccinations 21 - 42 days apart with the same vaccine (both doses must be administered within the 60 days but not within 14 days of travel.)
- > Or a booster to a valid primary vaccination (21 - 42 days apart with the same vaccine) - boosters must be given within 12 months of the primary course, and within 12 months of each booster vaccination. The most recent booster must be within 60 days but not within 14 days of shipping.

If the primary course in the passport does not meet with the required 21 - 42 day interval, or both doses were not the same vaccine then a new primary course MUST be given.

If there is more than 12 months between any booster doses a new primary course MUST be given.

If you are considering travelling your horse to DUBAI Racing Carnival or DWC please urgently send a colored scan of the passport vaccination pages to your designated shipping agent so that they can advise if there is any action to take in this regard to ensure shipping.

STABLING FACILITIES

Horses on a temporary import permit will be stabled at the International Quarantine.

These facilities are located adjacent to Meydan Racecourse, and approximately 25 minutes' drive from Dubai International Airport. International Quarantine is primarily used for UK and EU horses. In the event of overflow, UK and EU horses will be accommodated in alternative quarantine facilities. Horses from other countries will be accommodated in Dubai World Cup Quarantine situated alongside International Quarantine.

Apart from stabling horses in modern facilities, the quarantine stables also provide stable staff with on-site accommodation. Included in the staff accommodation is a recreation room and swimming pool. Limited on-site accommodation is available for rent.

Horses on permanent import permit will be stabled at a designated local stable.

THE QUARANTINE STABLE

In the quarantine stables there will be no cost related to:

PROVISIONS OF BOXES

- > DRC quarantine security staff
- > Use of grooms from the barns
- > Use of Meydan training facilities
- > Use of share administration office

Please note: the grooms are there to assist visiting staff only and will not be held responsible for the care of the horses. Horses are always the responsibility of the trainers' staff and DRC staff will not be held responsible for horse/s in the absence of trainer or his/her employees.

AED 100 + 5% VAT equaling to AED 105 (US\$30) for hay and shavings will be charged per day per horse.

QUARANTINE ACCOMMODATION

Limited on-site accommodation available on a shared basis for a monthly fee of 1.000 AED + 5% VAT per person.

AED 1.000 AED security deposit will be required for damages. The full amount will be refunded upon departure of the staff member if apartment/room has not sustained any damage.
