Veterinary Inspection of Horses Competing at Dubai World Cup Meeting

1. Every horse invited to compete in the Dubai World Cup meeting will be subject to a Veterinary inspection performed by the Emirates Racing Authority Veterinary Officer. The purpose of the inspection is to ensure that a horse does not have any abnormalities which could adversely affect its health, its performance, or its chances of competing in its race at this meeting.
2. This compulsory inspection will be performed between two (2) days and five (5) days, prior to Dubai World Cup race day, or at any other time determined by the ERA and the Dubai Racing Club.
3. The inspection will require the horse to be identified via its passport and to be trotted-up in hand on a firm, flat non-slippery surface to assess its action and to have its locomotory structures palpated for abnormalities.
4. If a relevant abnormality is detected, the ERA Veterinary Officer will monitor the condition of the horse in consultation with an ERA appointed panel of Veterinary Surgeons
5. Trainers are invited to present horses which may have some gait idiosyncrasies to the Veterinary Officer earlier than the suggested dates to overcome any misunderstanding on suitability to race issues. Any relevant images, radiographs or veterinary reports to be sent to David.craig@emiratesracing.com
6. A video of the horse trotting at least 20m towards and away from the person recording the video, on a firm flat surface no longer than **6 days** before departure for Dubai. Video to be sent via Whastapp to the ERA regulatory veterinarian **+971 50 106 8481**
