WELCOME MESSAGE

I am delighted to welcome you to the 2024-25 Dubai racing season, hosted at the iconic Meydan Racecourse.

Under the visionary leadership of His Highness Sheikh Mohammed bin Rashid Al Maktoum, the Dubai Racing Carnival has reached new heights. Last year saw the introduction of a new structure, designed to encourage more owners and trainers to winter their horses in Dubai and make use of our incredible facilities and climate. This year, we build further by introducing two additional race days, providing more opportunities for horses based both locally and overseas to compete.

Our three lucrative feature race days return, Festive Friday, Fashion Friday and Emirates Super Saturday, providing the perfect springboard into the \$30.5million Dubai World Cup meeting on Saturday, 5 April 2025.

The Dubai Racing Club offers a range of incentives for top tier horses throughout the Carnival, including the Dubai World Cup Bonus Scheme. A total prize pool of \$4million is on offer across 10 races, that also gives the winners direct entry to Dubai World Cup night.

We look forward to seeing new and returning faces join us throughout the Dubai Racing Carnival, a true celebration of the sport, combining top-tier racing action with world-class entertainment, fashion, and hospitality.

I wish the team at Dubai Racing Club and everyone involved a happy, safe and successful season.

BONUS SCHEME

BONUS Qualifying Race

\$4,000,000

On offer through the Dubai World Cup Bonus Scheme

10 RACES

Giving winners direct entry to the Dubai World Cup night

10% BONUS

Given to horses who win both, the qualifying race and the corresponding race on the Dubai World Cup night

The Dubai World Cup bonus scheme offers a total prize pool of \$4million across 10 races, that also gives the winners direct entry to Dubai World Cup night.

An additional 10% bonus is awarded to horses that win both the qualifying race, and the corresponding race on Dubai World Cup night.

This bonus scheme was created to encourage more owners and trainers to prepare their horses in Dubai ahead of the Dubai World Cup, a programme which has proved successful for many in the past.

This season, the G1 Al Maktoum Challenge on 24 January and the G2 Al Maktoum Classic on 1 March are both qualifying races for the G1 \$12 million Dubai World Cup, with a bonus prize pool of \$1.2 million.

Horse Travel

The Dubai Racing Club (DRC) selection committee will only consider horses rated 105 and above for travel subsidies.
Additionally, 2YO (2024) – 3YO (2025) will be entitled for shipping subsidies if they finish in the first 3 in any Meydan pattern races or if they achieve a rating of 95 and above. Furthermore, travel incentives will be decided on a horse-by-horse basis.

The DRC will cover the cost of return air freight for each subsidized horse for the Dubai Racing Carnival, based on three horses per pallet on existing scheduled service cargo routes, from their country of origin, or nearest country/airport with scheduled service cargo routes to/from Dubai and return to the same point, together with affiliated charges for UAE Import/Export.

For UK/EU origin horses, the use of charter flights will be optimized and wherever possible will be used in preference to schedule line flights. Should owners wish to make alternative arrangements relating to the return of their horses, they will be responsible for all charges applicable to this change, however Janah will be able to advise.

Incentivized horses must run at least twice at Meydan to retain their incentive.
If the horse is sold either privately or at public auction in the UAE, the return portion of the transport subsidy is forfeited.

All horses should leave Dubai as soon as transport arrangements have been arranged. Owners wishing to leave their horses in Dubai after the Dubai Racing Carnival must gain approval from the DRC.

All GCC horses, whether transported by road or air, will be coordinated through DRC and Janah Management. No allowance will be issued.

Trainers will need to make their own arrangement for them and their staff to travel to and out of Dubai.

Any international horse subsequently INVITED to run at the Dubai World Cup Meeting 2025, which is already resident in Dubai, will be eligible for benefits as per the Dubai World Cup policy.

PLEASE NOTE: If the UK import conditions change in the interim period, connections will be advised through Janah agents.

Import Conditions

Horses from all countries will need to meet, as a minimum, the UAE temporary import conditions appropriate to the country of origin.

- Horses on temporary import permit will be stabled in designated quarantine facilities based on their country of origin, separated from local horses. Access to these areas will be restricted.
- Horses entering on permanent import permit will be stabled in either local stable or designated non isolated stable and must meet UAE permanent import conditions and travel with the appropriate permanent import health certification. Those horses will complete standard post import quarantine procedures and could then join the local population.

Post Arrival Recovery Period

- Horses arriving in the UAE will be restricted to their allocated stabling at the Quarantine facility for up to 48 hours, depending on the length of journey.
- Horses which travel for less than six (6) hours (stable to stable) will be confined for a minimum of 12 hours after their arrival at the quarantine facility.
- Horses travelling for more than six (6) hours (stable to stable) will be confined for a minimum of 48 hours after their arrival at the quarantine facility.

During this time, they will not be allowed out on the exercise track; they will be closely monitored for recovery from the journey and appropriate testing will be performed based on country of origin.

Exercise will be permitted within the confines of the facility with each facility having a walking ring.

These rules are intended to reduce the risk of disease developing in horses and possibly spreading to other horses.

Vaccination Requirements

Equine influenza vaccination requirements for permanent entry into UAE is compulsory.

Within 60 days of export but NOT within 14 days of export the horse must be administered the following:

- Either a valid primary course consisting of two vaccinations 21 - 42 days apart with the same brand of vaccine (both doses must be administered within the 60 days but not within 14 days of travel.)
- Or a booster to a valid primary vaccination (21 - 42 days apart with the same vaccine) - boosters must be given within 12 months of the primary course, and within 12 months of each booster vaccination. The most recent booster must be within 60 days but not within 14 days of shipping.

If the primary course in the passport does not meet with the required 21 - 42 day interval, or both doses were not given with the same vaccine then a new primary course MUST be given.

If there is more than 12 months between any booster doses a new primary course MUST be given. (subject to change, probably will amend to 6 months but will be permitted for these horses as rule yet to be confirmed)

If you are considering travelling your horse to DUBAI Racing Carnival please urgently send a colored scan of the passport vaccination pages to Janah so that they can advise if there is any action to take in this regard to ensure shipping.

Stabling Facilities

Horses on a temporary import permit will be stabled at designated quarantine premises at Meydan Racecourse.

HORSE FEED ARRANGEMENT

These facilities are located adjacent to Meydan Racecourse, and approximately 25 minutes' drive from Dubai International Airport. International Quarantine is primarily used for UK and EU horses. In the event of overflow, UK and EU horses will be accommodated in alternative quarantine facilities. Horses from other countries will be accommodated in Dubai World Cup Quarantine situated alongside International Quarantine.

Apart from stabling horses in modern facilities, the quarantine stables also provide stable staff with on-site accommodation. Included in the staff accommodation is a recreation room and swimming pool.

In the DRC quarantine stables there will be no cost related to:

1. Provision of boxes
2. Limited on-site accommodation (on a shared basis allocated to the number of horses)
3. DRC quarantine stables security staff
4. Use of any Meydan training facility
5. Use of shared administration office

· Horses on permanent import permit will be stabled at a designated non isolated stable.

Monthly rent based on full number of stall capacity per barn.

AED 1,500 + 5% VAT per number of stalls in full barn

Grooms will be supplied and may be utilized by any trainer in the barn.

PLEASE NOTE: The DRC grooms are there to assist visiting staff only and will NOT be held responsible for the care of the horses. The horses are always the responsibility of the trainers' staff and DRC staff will not be held responsible for the horse/s in the absence of trainer or his/her employees.

Horse Feed Requirements

Please note that we highly encourage all staff to order horse feed prior to horses arriving in Dubai.
